

Hoof Grease

Equinade Hoof Grease contains a unique blend of 100% natural ingredients to help maintain a healthy and resilient hoof horn structure. The natural ingredients include animal fats and oils which provide the hoof with a healthy moisture balance by reducing evaporation in dry weather and preventing over-absorption of moisture in wet conditions.

Without regular care, hooves can become brittle and susceptible to disease. This may lead to cracking and fracturing of the frog and hoof, and in the long-term navicular bone damage can occur. Daily use of **Equinade Hoof Grease** will assist horses to gain healthy hooves which can carry them throughout their careers.

Great benefits of using **Equinade Hoof Grease**:

- Contains natural healing oils and animal fats
- Contains a measured amount of Stockholm Tar for it's renowned anti-bacterial and healing properties
- Regular use helps to produce a healthy and resilient hoof horn structure
- Maintains a healthy moisture balance for the hoof in dry weather or wet conditions
- Does not contain artificial colouring, fragrance or chemicals
- Available in 6 convenient sizes, from 400g to 20kg at your local produce or equestrian store
