

Natural Leather Dressing

Equinade Natural Leather Dressing is made from the finest natural oils, lanolin and waxes, including bees wax. The premium ingredients are blended together to form a smooth textured dressing that is quick and easy to apply.

The use of **Equinade Natural Leather Dressing** ensures that all your leather goods will be kept supple and protected from drying out or becoming brittle. Your leather goods will also be **waterproof** and will have a barrier of protection against all weather conditions. Suitable for use on all leather gear, including saddles, harness and boots.

For the best results, clean leather well, then apply **Equinade Original Leather & Saddle Oil** to soften the leather. Finally apply **Equinade Natural Leather Dressing** and evenly rub in with a soft cloth. Allow to dry before buffing with a clean soft cloth to provide a natural finish.

Available in 200g, 400g, 2kg and 3.5kg packs.
